If you have a student visa, you may be able to work for up to 20 hours a week during the term and full-time during holidays.

## **Our commitment to pastoral care**

The safety and wellbeing of our learners is important to us. We have a wide range of support systems, services and resources available to ensure our international students are cared for and supported during their time with us.

We're required by law to meet New Zealand's International and Domestic Pastoral Care Code, (the Code) which applies to all registered tertiary providers across the country. This is administered and monitored by the New Zealand Qualifications Authority (NZQA).

An updated Code came into effect in January 2022. This Code mandates one set of clear rules and expectations for embedding safety and wellbeing into systems and day-to-day practices – tailored to learners' needs.

## Here's a summary of the Code as it relates to international students.

Tertiary providers should ensure international students:

- are protected and supported from when they leave their home country, to when they finish their education journey
- are aware of their rights and protections
- feel safe and happy while studying in New Zealand
- are provided correct information through agents, who act professionally
- are aware of the terms and conditions of their enrolment.
